

(a) Patients carry different tests

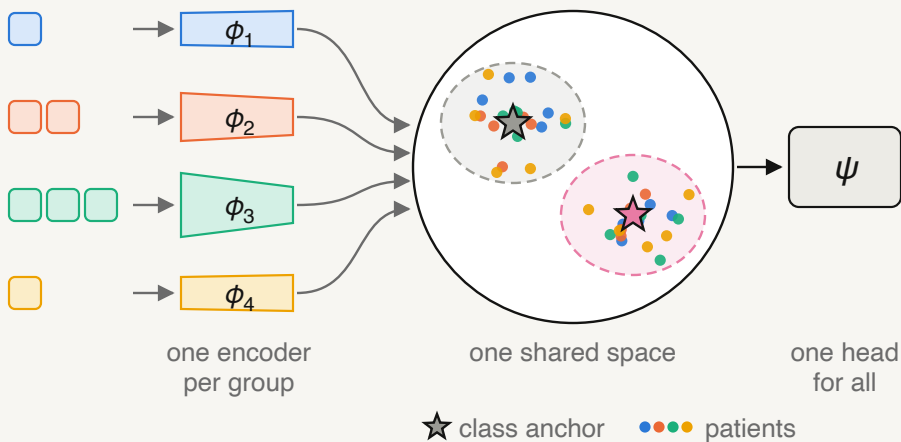

Group 4 shares no test with the others

measured never ordered patients

(b) One model for everyone: the options

	keeps all data	invents nothing	groups share	no overlap needed
Shared columns only	✗	✓	✓	✗
Imputation	✓	✗	✓	✓
One model per group	✓	✓	✗	✗
Modality fusion (MoE)	✓	✓	✓	✗
Ours	✓	✓	✓	✓

(c) Ours: share in a latent space, not at the input

(d) Ours: protect the largest gap
